**Porktober: Time to salute pork** My husband had never acted so delighted about supper.

He sat on the porch in anticipation of my first attempt at barbecued baby back ribs on our new smoker. He inhaled the smoky aroma from his porch seat, sipped a choice beverage, and voiced approval during the final un-foiling of the fare. The pile of rib bones after the meal told the finger-licking tale: I had found his new favorite meal.

Our family has always enjoyed pork but established a deeper-seated love for "The Other White Meat" since the gift of a pellet smoker. Now, a variety of smoked cuisine ranks among our traditional pork entrees. Oven-baked pork tenderloin repurposes well as pork stir fry. The kids clean their plates of pork chops, grilled to a safe and moist internal temperature of 145 degrees Fahrenheit.

Pork represents the world's most widely eaten meat, and Illinois ranks No. 4 in the United States for its production. While the industry collectively gives a

121. STATE AND LOCAL FINANCE (Shortened Version)

We will analyze any proposed changes in state tax rates as to the effect any change nod to hog farmers for National Pork Month in October, our household salutes them year-round with fresh bacon in the fridge and extra packages in the freezer. Most Sundays, I brown our favorite pork sausage for homemade pizzas or the occasional sausage gravy over biscuits for a special breakfast.

While we dine on pork products on Sunday morning, hog farmers tend to chores, a daily cycle uninterrupted by weekends and holidays. More than 2,000 Illinois farms raise pigs, a number that included our family farm years ago. Today, our state's hog farmers raise more with less, often in climate-controlled, biosecure barns, a preferred environment for an animal that does not sweat, contrary to the popular expression.

Our state's hog farmers deserve extra

praise and support this year, having faced unimaginable stresses and decisions due to the COVID-19 outbreak. Nationwide actions to control the pandemic disrupted the food supply chain and forced emergency pig depopulation, devastating to the mental and financial health of family hog farms nationwide.

Easter dinner wouldn't be the same without making Grandma's ham recipe. Ham sandwiches help us through the harvest season. Our daughter misses those fairground pork burgers as much as exhibiting at the county and state fairs, both canceled due to COVID.

With a cleared social calendar, we smoked ribs again on a pre-harvest Sunday afternoon. The activity fills six hours, offering a pandemic-friendly way to praise pork from the front porch.

#### NEWS FROM COUN COUNTRY What's new with you? Are your beneficiaries up to date?

Your phone, your wardrobe, your contact information. These three things have something in common. Can you guess what it is? If you said, "you update all of them," give

yourself a pat on the back (sorry, we don't actually have prizes for the correct answer). You update these things regularly, but how often do you update your beneficiaries?

If you haven't reviewed your beneficiary designations recently, ask yourself these questions:

- Has your marital status changed?
- Have you had a chi Id?

Have you changed jobs recently? If you answered "yes" to any of these, you probably should do a quick beneficiary designation review. Why is it important?

Grief is already hard enough - The people you care about will already be dealing with a lot if something should happen to you. By keeping everything up to date, you can help make the whole process a little easier for them.

Secondary- just as important- If something happens to your primary beneficiary, your secondary beneficiary is next. Make sure to keep your contingent beneficiaries up to date too.

What will? - Certain things, like life insurance policies, bank, and retirement accounts take precedence over your will. If the identified beneficiary of those policies and accounts don't match your will, then your assets could go to someone you don't want them to.

Regular updates aren't limited to just your phone, wardrobe or contact information. Keeping your selected beneficiaries up to date is a simple step that you can take toward protecting your family's financial future.

## Are you ready for your teen to take the wheel?

Being the parent of a teen driver isn't easy. You hold your breath every time they pull out of the driveway and stay up late just to hear the car pull into the garage.

That's why we want you to talk to your teen about safe driving habits early and often. Get the conversation started with these tips they can use before they hit the road.

- Set your phone to "Do Not Disturb."
- Pick your playlist and get your tunes started before driving.
- Enable your Bluetooth and put your phone away.

We can't keep you from worrying about your teen driver, but we can help you save some money with our Good Student, Multi-Car, and Teen Driver Discounts.

At West Central FS, Inc. our mission statement is to bring long term value and profitability to our patron owners. This is why for the 2021 crop season we are pleased to offer you 0% financing on both seed and crop protection.\*

This FS Agri-Finance program allows you to book your seed and crop protection needs early and take advantage of prepay discounts without having to write a check. We hope you will take advantage of this money saving offer.

# Hailey's Manager Update

October 2020 marks three years that I have been in Knox County! While it seems that it has been longer than that, I have learned and grown so much in these three years. I have great Directors and staff that make this job easy and worthwhile. Knox County and its members also make programs and ideas come to life to benefit all.

While we have been challenged this year, I am sure that we will come back with bigger and better programs when we are able to conduct them in person. 2020 has taught us all to adapt and try new things, but Farm Bureau is all about grassroots and it is time that we can get back together in person to accomplish our mission.

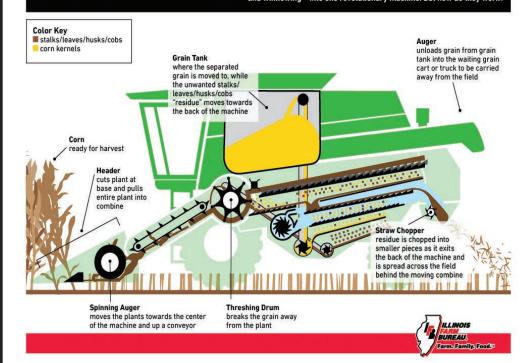

Last October, I talked about the need for the USMCA to pass and how I was hoping that harvest would start soon for farmers. This October, we are focusing on the election and harvest has started. Thankfully, 2020 has allowed harvest to

be "normal-ish" even though the weather hasn't totally cooperated or as I write this, we will be back to 80 degrees this weekend instead of the 60's like we had been having. Here's to a safe and bountiful harvest!

### **How A Combine Works**

During harvest season, combine harvesters can be found all over Illinois fields. This machine has changed the farming industry by combining several steps in the harvesting process – reaping, three

# Health on the Farm

October is Breast Cancer Awareness Month. Breast cancer is one of the leading causes of death, with one in eight women diagnosed each year in the U.S. and Canada, and an estimated 304,880 new cases expected by the end of 2020.

The main factors that influence breast cancer risk are being female and getting older, according to the CDC; however, you can reduce your risk by maintaining a healthy weight, eating a diet rich in fruits and vegetables, exercising and limiting alcohol consumption.

Some symptoms and warning signs of breast cancer are—

• New lump in the breast or underarm (armpit).

• Thickening or swelling of part of the breast.

• Irritation or dimpling of breast skin.

• Redness or flaky skin in the nipple area or the breast.

• Pulling in of the nipple or pain in the nipple area.

• Nipple discharge other than breast milk, including blood.

• Any change in the size or the shape of the breast.

• Pain in the breast

Early detection is key to fighting breast

cancer and can lead to an easier treatment plan. And one of the best methods of early detection is an annual mammogram. A mammogram is a simple, routine screening that helps detect breast cancer earlier than waiting for symptoms to appear. Regular mammograms are recommended for women 40 years of age and older. If you are at higher risk for breast cancer, you may need to begin regular mammograms sooner.

The Illinois Breast & Cervical Cancer Program provides FREE mammograms, clinical breast exams, and pap tests, with the provider of YOUR choice, to women who qualify! There are no income guidelines for this program. You may be eligible for this program if

• You are a woman.

• You live in Knox, Warren or Henderson County.

• You have no medical insurance, including Medicaid or Medicare Part B, or your health insurance will not cover these services.

• You are between 35 and 64 years old. \*younger women with symptoms may also qualify.

Call the Knox County Health Department 309-344-2224 to see if you qualify.

#### **KCFB** Joins the Web

On November 1, 2000, Knox County Farm Bureau launched their own website- www.knoxcfb.org, joining the millions of companies around the world with a presence on the Internet.

Knox County Farm Bureau Manager Jennifer Beard said, "www.knoxcfb.org offer our members the opportunity to find out more about the local organization, our benefits, services, and history." She added, "One page contains the Knox County Farm Bureau's latest news, one emphasizes the opportunities available, and another has been designed to inform our members about legislative highlights."

"Our "Links Page" connects various ag organization, the Chicago Board of Trade, AgriVisor Services, Grainger, and other," said Beard. She also mentioned the "Market Page" will be updated each day for farmers interested in finding out the elevator's closing prices, the Farm Service Agency's LDP rates and posted county prices.

Regarding future plans for the site, Beard said the Farm Bureau hopes to have a picture page connected to the web-site in the near future, showing pictures from programs, promotions, and Ag in the Classroom efforts.

#### PrimeTimers News

The committee did not meet in September and will not meet in October.

#### MEMBERSHIP RECRUITER OF THE MONTH

#### **County Fair Pork Kabobs**

by Jennifer Campbell - The Farmwife Feeds

These sweet slightly spicy sticky pork chunks on a stick are a classic. EQUIPMENT

#### skewers for grilling

INGREDIENTS

- 2 pound pork cubed Loin works best
- 1/2 cup brown sugar

4 teaspoons cajun seasoning we use Tony Chachere's: Creole Original Seasoning

#### **INSTRUCTIONS**

Combine the brown sugar and cajun seasoning in a bowl large enough 0. to hold the pork.

1. Pat dry the pork cubes and place in the seasoning mixture - stir to coat the pork, or you can use a sealable bowl and shake.

Allow pork to sit in the seasoning mix for at least 45 minutes -after about 2 10 minutes the sugar will start to dissolve in the moisture from the pork and will create a syrupy liquid as it marinates

Place marinated pork cubes on your skewers and reserve the remaining 3. marinade that is now a liquid in a small bowl to brush on the kabobs as they cook.

4. With grill on medium-low heat cook the kabobs turning and brushing with extra marinade - keep in mind as you brush the marinade on that it needs to cook and not to brush it on as you take the kabobs off of the heat.

5. Kabobs are done when internal temperature of 145°
